Proposal*

14 April 1964

Dear

A review of our Edwards Test Force ground support capability for Personal Equipment revealed the need for certain equipment. Firewel has submitted the attached cost quote and delivery schedule for the items needed. The vacuum pump is required on the DN 718 00-1 Test Stand thereby increasing the total cost to

In addition to the equipment, a Firewel Technical Rep will be necessary for a period of two (2) months commencing 1 June 1964 for training purposes. Request you obtain a price quote for this period for the Edwards facility.

You are hereby authorized to contract with Firewel for the equipment and services stated above using Kedlock funds. Please advise cost of Tech Rep services. We estimate approximately for the 2 month period, commencing 1 June 1964.
